Re: Part 88 "Spectrum Reframing" rules.

As a taxicab leasing company in Hawaii, I subscribe to a radio dispatch service for the operation of my cabs.

The proposed new **PART 88 SPECTRUM REFRAMING** rules being proposed **"WILL"** become a financial burden that our company, along with many others, could not absorb.

These new rules will in all probability mean channel sharing, which in many businesses, such as ours would be very disruptive. Imagine a taxicab company sharing a channel with private detectives, towing companies, messenger services etc....

The above are a few reasons I am **AGAINST** implementation of the outrageous new rules proposed under Part 88 Spectrum Reframing.

Very Truly Yours,

Ralph B. Lindsey
President
Likini Cab Company, Inc.
